CTP

Memorandum

TO : Director of Training

DATE: 27 March 1970

FROM : Acting Chief, Career Training Program

SUBJECT: Weekly Activities Report

The January 1970 Career Training class completed the Operations Familiarization Course this week. On Monday they will check in with the CT Staff after they have had their forenoon meeting with the Director. The members of the class were already heavily leaning toward the DDP before they left for OFC; they are now inclined even more in the direction of the Clandestine Service. If asked to commit themselves at this point, it is likely that at least 20 of the 25 Trainees would opt for the DDP. Their attitudes may change, however, after they have spent some time on the forthcoming rotational interim assignments.
